

DOG DAYS OF SUMMER LEAGUE

MEMBERS ONLY

This is an individual league (no teams).

Cost is \$12 per person plus your rounds. \$10 goes to prize pay out, high gun, 3rd place, and low gun per division. \$2 goes for Lewis's.

You'll shoot 100 targets at 16 yards, 100 targets at handicap and 100 targets at wobbles.

You must have the 100 targets at 16 yards done in 3 weeks for classification and to figure out your handicap yardage. Anyone who does not have the 100 targets at 16 yards done by the third week (August 14th) will get a score of 25 for each one not done and put into that class accordingly. Once you have shot the remaining 16-yard birds your score will change to reflect what you shot. You will still be in that same class. The handicap yardage will reflect what you shot for the 16 yards.

You can shoot the wobbles at any time. Only your first shot will count for your score.

This league will run for 10 weeks.

Sign up begins Saturday, July 2nd. No one will be able to sign up after Saturday, August 6th. The league will begin on Sunday, July 24th. The league ends Sunday, October 2nd with prize distribution on Sunday, October 9th.

If you have any questions see Greg or Charlene.
